

CC LIMITED EDITION

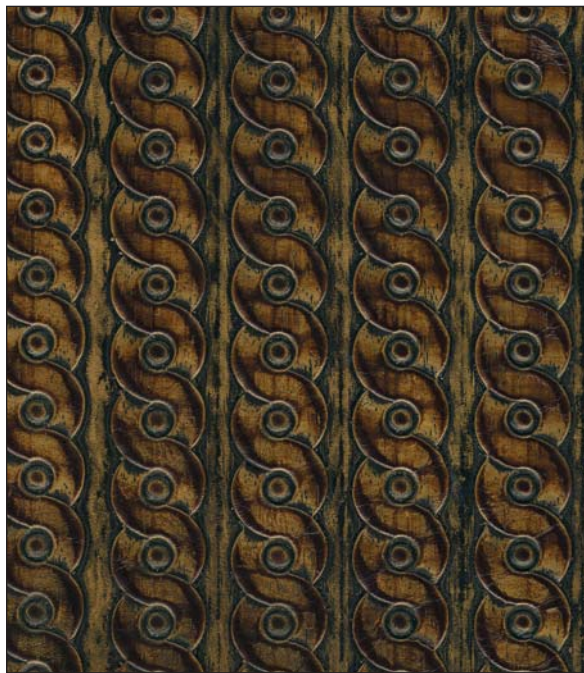

Romanza is a premium collection of printed leathers from Italy suitable for vertical surfaces and upholstery. Embossed patterns are hand-rubbed with dyes to make each hide a uniquely crafted piece of art. All patterns are available in custom colors and finishes ranging from matte to high gloss.

In vertical application, Romanza can impart drama, sophistication and luxury to an entryway, library or private elevator. Think paneled walls and doors, headboards, bar or reception desk fronts! Romanza leathers are also suitable for chair and banquette backs, bar stools, ottomans and regular upholstery. Uses for this prestigious leather are limited only by the imagination!

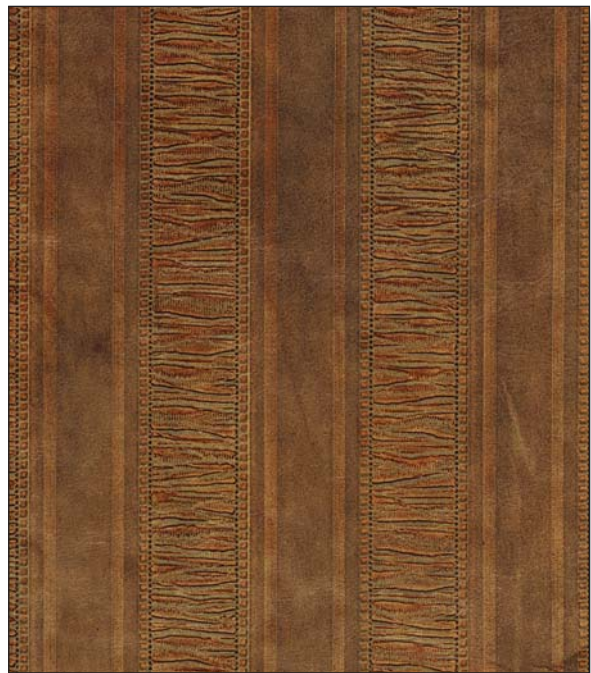

Size shown is approx. 1/4 scale. Contact C C Leathers for repeats and dimensions.
