

CC LIMITED EDITION

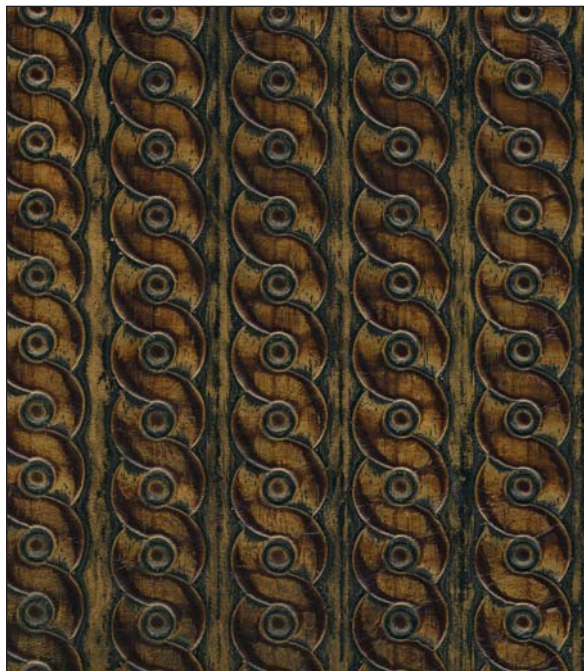

Romanza is a collection of printed leathers from Italy. Embossed with a basic pattern, these leathers are then hand-rubbed with dyes, providing a unique, custom work of leather, suitable for vertical surfaces and upholstery. All patterns are available in custom colors and finishes ranging from matte to high gloss.

Romanza would look fabulous in a vertical application in an entryway, library or private elevator or inserted into paneled walls, door panels, bar or reception desk fronts, to name a few examples. Others are suitable for backs of chairs or banquettes, ottomans or regular upholstery.

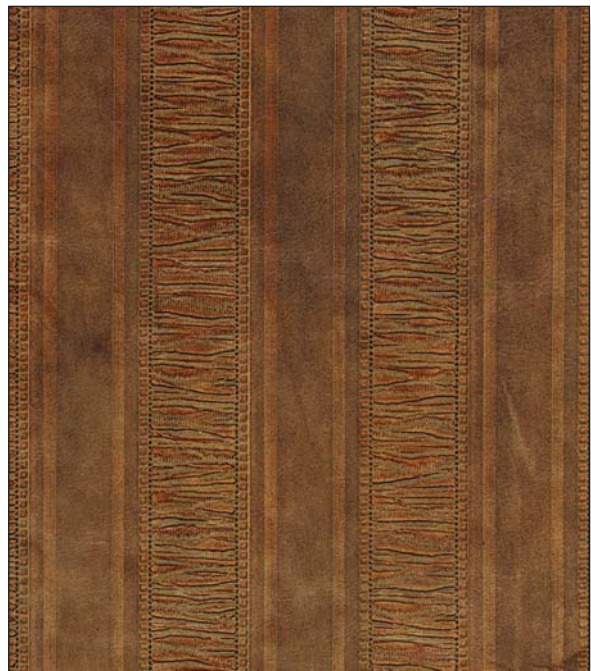

Contact C C Leathers for exact repeat dimensions.
